

CERTIFICATE

NaturEnergie

Abifor AG

This company covers 100% of its energy requirements with renewable energies.

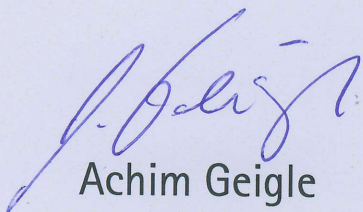

NaturEnergie is produced without the generation of any emissions and without radioactive waste.

In this way, between 01.01.2009 – 31.12.2010 this company will save our environment

399.82 tons of CO₂.

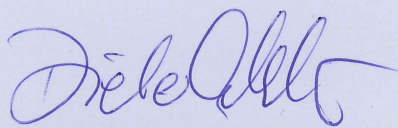

An important contribution to climate protection.

We would like to convey our gratitude for this commitment, which is to the benefit of a sustainable energy supply.
